

Factory Touch Up Paint

At ExpressPaint we pride ourselves on customer satisfaction, accurate color matching, and fast, reliable shipping. We value our customers and are always ready to help them in any way possible. We can cater to any type of customer; from the individual with a small scratch that just needs a touch-up, all the way to a professional automotive paint shop that needs that hard to find color.

We take our name seriously at ExpressPaint with shipping and delivery faster than any of our competitors. Other companies may take upwards of three to seven days to fill and ship. But we can ship in one to two business days and in some cases the very same day of the order. Our just-in-time inventory control system keeps our prices in check while ensuring a quick turn around for your automotive touch up paint order.

Clearcoat Application

All ExpressPaint Clearcoats have been specifically designed to provide excellent gloss and durability. We have extensively tested every clear with all of our products to ensure compatibility. All of our clearcoats meet or exceed all O.E.M. standards for durability, gloss, and depth.
